

Research

FAAM conducts research on Asian modern and contemporary art by visiting related places and institutions as well as utilizing written documents and archives. It presents the results of its researches in the forms of exhibition and lecture.

Art Exchange Program

Asian artists and researchers are invited to participate in the Residence Program to engage in interactive activities with people in Fukuoka. They present various art exchange programs such as open studios, workshops, performances and lectures.

Place for creation and interaction

FAAM has been functioning as a place for people to become familiar with Asian arts and culture through the artistic creations and researches of the invitees of the Residence Program. It is an interactive museum for people in Fukuoka and in Asia as well as for the general public and people in the art world – not a mere place of meeting, but understanding each other and creating together.

Live museum in the center of the city

FAAM is an urban-style museum locating in the center of the city where the energy of Fukuoka and Hakata intermingle. The residents of the city can easily access to today's Asia through the museum. Asian artists also can approach to the people in the city, taking advantage of the museum's location in the city center and through their works that are deeply rooted in the unique characteristics of the city.

About FAAM

Fukuoka - a centre for interaction with Asia

Due to its geographical and historical characteristics, Fukuoka City has served as a gateway to continental Asian culture since ancient times. FAAM Museum opened in 1999 in order to further enhance interactions in the field of art. It has attracted strong interest not only in Japan but in Asia and other countries in the world because of its unique activities.

The only art museum for Asian modern and contemporary art

FAAM is the only museum in the world that systematically collects and exhibits Asian modern and contemporary art. The works in the collection of the museum are not imitation of Western art or repetitions of traditional works. Instead they seek to overcome the existing framework of art, being made by artists living in 'contemporary' Asia.
